

# Hybrid Workplace Solutions Guide

## Welcome to the New Future

The workplace of tomorrow demands a rethink of the traditional office space. Building successful spaces will rely on our ability to re-imagine workplace strategies not just for productivity, but for safety, flexibility and inclusion of remote team members.

The good news is that it's never been easier to deploy effective technology that makes it easy to stay connected. And even better, it's simple to use, sets up in a snap, and just works- right out of the box.

## The Power of Design

At DTEN, we are obsessed with delivering the ultimate user experience with cleverly designed solutions that function as a natural extension of the way we connect with one another.

1 Reception / Lobby Area

2 Small Meeting Spaces & Huddle Rooms

3 Conference Rooms and Meeting Areas

4 Hot Desks & Shared Work Spaces

5 In-Office Meeting Booths

6 Digital Signage / Common Areas

7 Executive Office & Home Work Desk

8 Existing Meeting Spaces

### Simple to Use & Easy to Set Up

- Multi-award winning product design
- Lightweight, streamlined, plug-and-play
- Designed exclusively for Zoom

### Flexible & Scalable

- Easy deployment with central device and user management tools on **DTEN Orbit**
- Unbeatable value with solutions for a range of meeting spaces with flexible deployment options

### It Just Works

- Built-in cameras, speakers, microphones and whiteboard in a multi-touch display
- **Always Zoom Ready**

# Lobby / Reception

## Virtual Receptionist & Kiosk Mode

1

## Make a Great First Impression

Provide meaningful, face-to-face interactions, visitor screening and check-ins at lobby and reception areas with the DTEN ME.

Using Zoom's new Virtual Receptionist and Kiosk Mode features, guests can simply tap the welcome button on the DTEN ME to be instantly connected with one or a team of remote contacts, regardless of physical location.

- Guests can simply tap the screen to be instantly connected with one or a team of representatives
- Suitable for use with stylus or fingertip

### Recommended Hardware:

Zoom for Home - DTEN ME 27"

### Highlighted Features:

- Use with Zoom's Virtual Receptionist feature to remotely greet visitors and guests
- Connect with one or a team of remote contacts or specialists
- An effective solution for reception, lobby, informational kiosks, commercial and retail deployments

### DEVICE SOLUTION

# Huddle Spaces

Small - Medium Meeting Rooms

2

## Focus on What Matters

Foster teamwork and collaboration in smaller meeting spaces with smart technology designed to weed out office distractions and noise.

The DTEN ON and D7 solutions feature built-in noise suppression technology to keep the focus on the topic at hand.

- Participants can instantly share content and multimedia presentations using the shared meeting ID- no dongles or cables required
- Large edge-to-edge digital whiteboarding space invites collaboration and can be easily shared participants and contacts

Recommended  
Hardware:

DTEN ON 55"  
DTEN D7 55" / 75"

Highlighted  
Features:

- All-in-One design includes camera, microphone array, speakers and built-in Zoom meeting software
- DTEN Audio AI sound suppression technology filters out background noise for distraction-free meetings
- Brilliant 4K multi-touch displays for intuitive digital whiteboarding and annotation

# Flexible Workspaces

## Hot Desking & Hoteling

4

## Maximize Shared Work Desks

Provide flexible work areas for employees who may be splitting their time between home and office. Zoom's new app pairing function allows visitors to instantly pair their personal Zoom handle with the DTEN ME Pro, and simply unpair when finished.

- DTEN ME Pro replaces need for separate web camera, microphone, speakers and whiteboard with a single easy-to-use solution that just works
- Pair with personal Zoom handle for one-touch to start Zoom meetings
- Access the DTEN ME Pro's camera, microphone, speakers and touchscreen in every meeting with **DTEN Smart Connect**

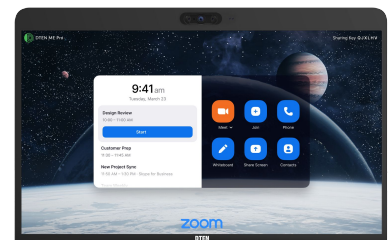

### Recommended Hardware:

**DTEN ME Pro 27"**

### Highlighted Features:

- Easily pair with personal devices to access contacts, chat and Zoom calendar
- Central device management with DTEN Orbit enables hassle-free device and user management with minimal IT staff
- Access the DTEN ME Pro's camera, audio and touchscreen systems for every application with **DTEN Smart Connect**

### DEVICE SOLUTION

# Shared Spaces

## In-Office Meeting Booths

5

## Find a Little Peace and Quiet

Hop into a quiet, private meeting space equipped with the DTEN ME and sync the room to a user's contacts, calendar and meeting settings.

- In-office meeting booths can be designed to accommodate a single user or a small group of participants
- Once the user completes their session, the room will reset for the next private video-first meeting session
- Access the DTEN ME Pro's camera, microphone, speakers and touchscreen in every meeting with **DTEN Smart Connect**

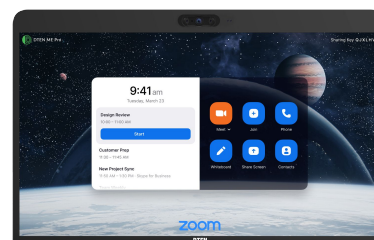

### Recommended Hardware:

**DTEN ME Pro 27"**

### Highlighted Features:

- Easily pair with personal devices to access contacts, chat and Zoom calendar
- Central device management with DTEN Orbit enables hassle-free device and user management with minimal IT staff
- Access the DTEN ME Pro's camera, audio and touchscreen systems for every application with DTEN Smart Connect
